

MESH PEDESTRIAN GATES

SPECIFICATION

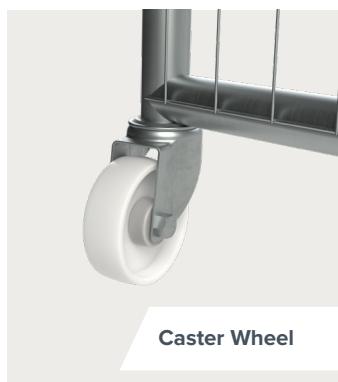

PRODUCT INFO

The Mesh Pedestrian Gates combine visibility and security for construction and event sites.

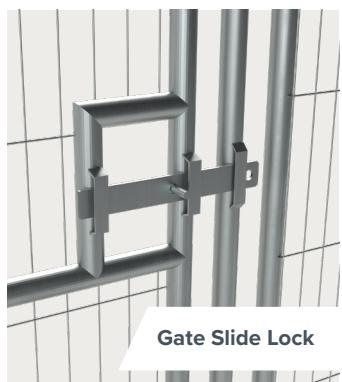

Built from anti-climb galvanised mesh, these gates allow full visibility through the boundary while preventing unauthorised access. Available in standard or framed formats, they deliver a durable, long-lasting pedestrian access solution that integrates perfectly with mesh fencing systems. Minimum order quantities apply.

KEY FEATURES

- Anti-climb mesh design prevents climbing or intrusion
- Simple coupler hinges and sliding latch system
- Built for long-term redeployment
- Fully lockable with standard padlocks (not included)
