

# TVCB BARRIER FENCING

## SPECIFICATION

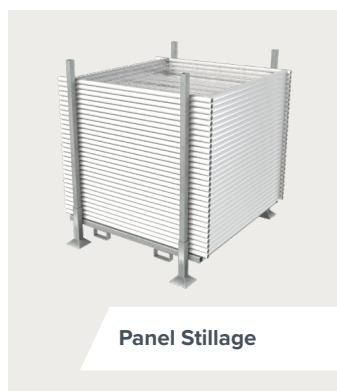

### PRODUCT INFO

TVCB barrier fencing provides an easy to install, secure control of construction site access.

TVCB stands for Temporary Vertical Concrete Barrier, a highway safety system designed to protect both road workers and motorists. Our barrier-top mesh fence system features anti-climb mesh for high security and is provided in 1.5m and 2m high fence panels. These robust fence panels connect to concrete blocks with bolt-on connecting brackets into which panels quickly slot into for rapid deployment.

### KEY FEATURES

- Anti-climb mesh design prevents climbing or intrusion
- Secures to temporary vertical concrete barriers
- Simple bolt-on bracket and coupler for quick setup
- Built for long-term redeployment
- Ideal for construction site traffic management and security
- Panel stillage for compact storage and secure transport
